OZ827LN 827LN

Cena	**33,83 PLN**
Producent	**O2MICRO**

Opis produktu

Dual Phase DC/DC controller with integrated drivers 6 bit AMD VID code compatible 1% output voltage accuracy 6V to 24V input supports 2s to 5s battery power Voltage feed-forward compensation High efficiency up to 94%; High light load efficiency of 80% at 200mA Non-audio skip mode Constant-Ripple-Current topology facilitates optimum inductor size Supports 60A output current Ultra-fast transient recovery Adjustable load line support Slew control at start-up and OTF VID changes True differential remote output voltage sensing AMD compliant Power Good signal VIN & VDDA under-voltage lock out protection Latched over-voltage protection Cycle-by-cycle over-current protection with latched time out 32 QFN package
